This diagram shows the upper portion of the device in an exploded perspective view. It includes a top cover (26) with six screws, a frame (17) with two horizontal rails, and a base plate (29) with a series of parallel slots. A component (14a) is shown being inserted into the frame, and another component (24b) is shown being inserted into the base plate. A side panel (15) is also shown attached to the base plate.
